HOUR OF CODE

The Hour of Code is a global movement introducing millions of people to computer science and demystifying code by demonstrating that anybody can learn the basics.

For All Ages

Local coders come to the Library and share what has empowered them to create their own technology. Learn to code with fun Star Wars and Bouncing Cat games, or try your hands at programming NeoPixels and Arduinos. If you're stuck on a coding project you've already started, coding experts are available to help. Snacks provided! **Drop in.**

5–7 PM
Tuesday, December 8
Program Room 2C

Under age 12 must be accompanied by an adult.

For Ages 12–19

Don't just consume technology, code your own! Learn how to create your own bouncing cat program just like cat-bounce.com. Snacks provided! **Drop in.**

3:30–5:30 PM
Thursday, December 10
The Ground Floor

For Ages 8–12

Experiment with fundamental computer programming concepts by playing with *Tynker*, the visual programming language featuring drag-and-drop logic blocks. **Choose a session and register.**

6:30–7:30 PM   4–5 PM
Monday, Dec. 7   Wednesday, Dec. 9
Children's Program Room

Monroe County Public Library
303 E. Kirkwood Ave.
Bloomington, IN 47408
